**It is that time of year for directors panel!**

### **What is directors panel?**

Directors panel is the team's opportunity to get feedback from mock judges prior to their comp season beginning. This is CRUCIAL to the success of the team as it is their time to have stage time for spacing, wear their costumes on stage, and get feedback from the panel.

Each year a panel is selected by coaches based on the routines submitted and the area of expertise needed. This year we have 2 theater and performing professionals, once professional choreographer, a dance teacher, and our "newbie" of the year is a past Miss Michigan competitor who excels in the performing arts.

Parents you are NOT permitted to watch this event.
